## Professional Summary

---

Computer Programming graduate and **Associate Tutor in Information Technology & Programming** with strong foundations in **Java, JavaScript, Data Structures, DBMS, Web Development, and Computer Network**. Experienced in mentoring students in programming fundamentals, logical thinking, and practical software development through project-based learning.

## Teaching Experience

---

### Associate Tutor — Information Technology & Programming

1A HK International

July 2025 – Present

- Supported teaching delivery in **HTML, Web Development, Programming Fundamentals, Data Science, and Digital Technology** courses.
- Assisted in designing **lesson materials, coding exercises, and learner assessments**.
- Provided **academic and technical guidance** to students in programming and project-based learning.
- Helped learners build **practical coding skills, logical thinking, and confidence**.
- Monitored **student participation and learning progress**.
- Contributed to a **professional and engaging learner-focused training environment**.

## Technical Skills

---

**Programming:** Java, JavaScript, Python, C/C++

**Frontend:** HTML5, CSS3, React.js, Tailwind CSS, Bootstrap

**Backend:** Node.js, Express.js, REST APIs, JWT Authentication

**Database:** MongoDB, SQL

**Tools:** Git, GitHub, VS Code, Postman, Thunderclient, MongoDB Atlas

**Concepts:** OOPs, Data Structures & Algorithms, MVC Architecture, CRUD Operations, Debugging, Full Stack Development

## Projects

---

### MediTech — Smart Healthcare Management Platform (Ongoing)

Full Stack Developer

- Developing a **MERN stack healthcare platform** to manage patients, doctors, appointments, and billing.
- Implementing **secure authentication and role-based access control using JWT**.
- Building scalable **REST APIs and responsive React interfaces**.

### CareOps — Healthcare Admin Dashboard

Full Stack Developer

[Live Project](#)

- Developed a **modern healthcare admin dashboard** to manage hospital operations efficiently.
- Implemented modules for **patient management, analytics overview, and appointment tracking**.
- Built using **React.js, Tailwind CSS, Node.js, Express.js, MongoDB**.

### TaskSphere — Task Management Application

[Live Project](#)

- Developed a **CRUD-based task management system** with secure JWT authentication.
- Implemented **user-specific task access** and optimized React components for performance.

### Personal Portfolio Website

[Live Project](#)

- Built a **responsive developer portfolio** showcasing projects and technical skills.
- Optimized UI and component rendering for improved page performance.

## Education

---

BCA — Tilak Maharashtra Vidyapeeth, Pune - CGPA: 7.83

2022 – 2025

HSC — B.N.V. Inter College, Uttar Pradesh - 73.33%

2021

SSC — Eminent English Medium School, Uttar Pradesh - 68%

2019

## Achievements

---

- Qualified **TCS National Qualifier Test (NQT)** — **2026** with Programming Score: **86.47%**
- Completed **6+ academic and personal software projects** using MERN stack.
- Recipient of **Best Project Award (2025)** and **Top 10 Finalist** in college coding competition.

## Additional Information

---

**Languages:** English, Hindi

**Interests:** Teaching Programming, Problem Solving, Full Stack Development
